Her relatives and friends were also captured by pirates. She and her friends take part in an adventure of finding relatives in the village, while rebuilding their home island. When you start with Island King, you will have a small and not inhabited abandoned island. You start building and developing your island with the smallest things like planting a tree for example. Then you can continue to build houses, ports, shops,... or even close the pirate boat. When you feel your island is too small Let's buy new islands. Your friends can have huge islands, don't forget to visit them! Lucky spinSo like Coin Master, what you do depends on your luck. The most important feature of the game is a happy spin that allows you to earn gold or plunder the islands next door. After a while, a happy spin will open up as to the performance of any action.
